Items to Note – 1040 Individual: UltraTax CSI to Lacerte

The 2021 converted client file is not intended to duplicate or reproduce your 2021 return. The information converted is captured in a way that converts to 2022 correctly once the file has been Proforma’d. This list provides details about how Lacerte converts the following 1040 amounts and any steps that you may need to take.

Preparer Number  (Screen 1) Enter the Preparer Number on Screen 1, Client Information. Estimates and overpayments applied to future year.

Information relating to prior year for the Form 2210 underpayment penalty calculation.

Calculated carryovers such as NOLs and Capital Loss Carryovers were not obtained during the conversion and will need to be entered into the client file.

Adjustments to Income  (Screen 24) The Lacerte conversion program converts every “force percentage” entered in UltraTax. Therefore, if more than one percentage is entered for any Keogh/SEP/SIMPLE percentage, Lacerte’s “Keogh, SEP: Contribution Rate [O]” input fields (Screen 24, codes 501 and 551) use the total of all percentages. You must manually adjust the corresponding amounts.

Earned Income Adjustments  (Screen 24) Every adjustment to earned income entered in UltraTax will be converted. Therefore, if more than one adjustment is entered for a specific Keogh/SEP/SIMPLE activity, Lacerte’s “Keogh, SEP: Net Earnings [A]” input fields (Screen 24, codes 15 and 65) use the total of all adjustments. You may need to manually adjust the corresponding amounts.

Itemized Deductions  (Screen 25) Points not reported on Form 1098 is handled differently in UltraTax and Lacerte. The Total Points amount will be converted to be itemized. If you need to amortize the Points over the life of the loan, please input Points in the Depreciation Screen 22.

State amounts only Federal information is converted.

Interest Income: We do not convert interest items that are an adjustment to an interest item such as nominee or accrued interest. You will need to manually enter these items.

Installment Sales Prior year installment sales will not get converted. Please enter these transactions into the Dispositions screen within Lacerte.

Oil & Gas properties

Prior year summary information is not converted

Depreciation - Lacerte does not convert the following:

- Other column for depreciation
- Depreciation method for assets using “sum of the years digits” or memo.
- Units of production (total units or current year units)
