

# Items to Note – 1040 Individual: TaxWise to Lacerte

---

This list provides details about how Lacerte converts the 1040 items. The 2023 converted client file is not intended to duplicate or reproduce your 2023 return. The information converted is captured in a way that converts to 2024 correctly once the file has been Proforma'd.

## **General Limitations:**

- Generally, lines that are overridden in TaxWise will not convert.
- On Address Fields that are not broken down by separate fields (i.e. address, city, state, and zip), any multi word city names will only convert the last word to the city field, and the beginning words will be in the address field.

Example: Schedule B Part I, Line 1a Address if input as "123 Address Fort Worth TX 75141", in Lacerte "123 Address Fort" will be in the address field, and "Worth" will be in the City field

## **Specific Form Conversion Limitations:**

- 1040ES Page 1: Next year's estimates do not convert and must be manually entered.
- 8283: Only the first Form 8283 will convert. This allows 5 donees to convert to Lacerte.
- Assets tied to Rental properties may not be linked correctly. You will need to examine any assets in the depreciation input screen to verify that rental assets are linked properly.
